INDEPENDENT AUDITOR'S REPORT

To The Board of Directors:
AIDS Athens, Inc.
Athens, Georgia

We have audited the accompanying statement of financial position of AIDS Athens, Inc as of February 28, 2010 and the related statements of activities, and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of AIDS Athens, Inc as of February 28, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated July 12, 2010, on our consideration of AIDS Athens' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of AIDS Athens, Inc taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

AIDS Athens, Inc.
Notes to the Financial Statements
For the period ended February 28, 2010

1. Company

AIDS Athens, Inc. is a not for profit Organization incorporated on December 18, 1987 in the State of Georgia. AIDS Athens provides various services to address the needs of individuals infected and affected by HIV/AIDS through supportive services and to prevent the spread of the disease through education and outreach.

2. Significant accounting policies

Basis of accounting and financial statements presentation

The financial statements are reported using the accrual basis of accounting. All of the Company's assets, liabilities, net assets, revenue and expenses have been reflected in accordance with the accrual method.

The Company presents its financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The Financial Accounting Standard Board's Accounting Standards Codification (the "Codification" or "ASC") became effective for interim and annual periods ending after September 15, 2009. The codification is the single source of authoritative accounting principles applied by non-governmental entities in the preparation of financial statements in conformity with GAAP. The codification does not change current GAAP, but is intended to simplify user access to GAAP by providing all the authoritative literature related to a particular topic in one place. As of the effective date, all existing accounting standard documents were superseded. Accordingly, this report references the Codification as the sole source of authoritative literature.

The financial statements follow the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) No. 958, Not-for-Profit Entities, section 205, Presentation of Financial Statements of Not-for-Profit Organizations. Under section 205, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Unrestricted net assets

These are assets that are not subject to donor-imposed or grantor-imposed restrictions.

Temporarily restricted assets

These are assets that are subject to donor-imposed or grantor-imposed stipulations that may or will be met, either by actions of the Organization and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently restricted net assets

These are assets subject to donor-imposed or grantor imposed stipulations permanently by the Organization. Generally, the donors and grantors of these assets permit an organization to use all or part of the income earned on any related investments for general or specific purposes.

AIDS Athens, Inc.
Notes to the Financial Statements
For the period ended February 28, 2010

Cash and cash equivalent

Cash consists of cash on hand at the Organization's locations and the accounts held at financial institutions. Cash equivalents are considered to be short-term investments with original maturities less than three months.

Accounts receivable

Accounts receivable are generated from the day to day operations of the Organization. Accounts receivable are stated as unpaid balances to the Organization for performed services. Receivables are unsecured and non-interest bearing. The Organization uses the allowance method to recognize bad debts.

Deposits and prepaid

Deposits and prepaid consists of deposits at residential housing for the Organization's clients and prepaid expenses for the organization.

Property and equipment

Property and equipment are stated at cost, or if donated, at their estimated fair value at the date of the gift. Such donations are reported as unrestricted support unless the donor restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed into service as instructed by the donor.

Expenditures for property and equipment additions are reviewed for estimated useful life and major improvements or renewals are capitalized while repairs and maintenance are charges to operations as incurred. Depreciation is computed by the straight-line method over the estimated useful lives as stated below. At the time assets are retired or disposed, costs and accumulated depreciation are eliminated from the related accounts and gains or losses, if any, are credited or charged to income. As of February 28, 2010, the estimated useful lives of property and equipment were as follows:

Description	Useful Life
Equipment	5 to 10 years
Furniture and Fixtures	5 to 7 years
Software	3 years
Leasehold Improvements	Lease term

Use of estimates

The process of preparing financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled

AIDS Athens, Inc.
Notes to the Financial Statements
For the period ended February 28, 2010

transaction and events as of the date of the financial statement. Accordingly, upon settlement, actual results may differ from estimated amounts.

Income tax

The Organization is a not-for-profit entity under section 501(C) (3) of the Internal Revenue Code and is not subject to federal or state income taxes.

3. Accounts receivable

Accounts receivable as of February 28, 2010 consist of the following:

	<u>2010</u>	<u>2009</u>
AIDS Walk Run / Athens	\$ -	\$ 6,500
HOPWA Balance of State	31,861	26,860
Others	18,167	34,783
Total accounts receivable	<u>\$ 50,028</u>	<u>\$ 68,143</u>

4. Property and equipment

These are the Organization's assets with an estimated useful life of more than two years. Such assets are recorded at historical cost. As of February 28, 2010, the total amount of property and equipment net of accumulated depreciation and amortization are as follows:

	<u>2010</u>	<u>2009</u>
Equipment	\$ 17,501	\$ 17,501
Furniture and fixtures	4,042	4,042
Software	7,294	7,294
Leasehold improvements	800	800
Accumulated depreciation and amortization	(27,383)	(20,289)
Property and equipment, net	<u>\$ 2,254</u>	<u>\$ 9,348</u>

The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend the asset life are not capitalized. For the period ended February 28, 2010, depreciation and amortization expense in the amount of \$7,094 was recorded in the statement of functional expenses.

5. Accounts payable and accrued expenses

Accounts payable and accrued expenses consist of expenses incurred in the day to day activities of the organization.

AIDS Athens, Inc.
Notes to the Financial Statements
For the period ended February 28, 2010

6. Employee benefits

The Organization offers a Savings IRA for full time employees. The Organization matches the employee's contribution at the level determined by the Board of Directors not to exceed 3% of the annual amount of salary. The Organization made contribution of \$15,517 for the year ended February 28, 2010. The Organization provides paid time off benefits to its employees. As of February 28, 2010, the Organization has accrued liabilities for paid time off benefits for \$800.

7. Concentration of risk

The Organization depends heavily on contributions and grants for its revenue source. The ability of contributors and grantors to continue giving amounts comparable with prior years may be dependent upon current and future overall economic conditions. While management believes the Organization has the resources to continue its programs, its ability to do so and the extent to which it continues may be dependent on the above factors and other factors beyond its control.

8. Commitments

Leases

In July 2007, the Organization entered into a 2 year operating lease agreement with Garrison Rental, LLC. The annual rent per the lease agreement is \$15,600, payable in equal monthly installments of \$1,300. In June of 2009, the lease agreement was renewed for an additional year. The total rent expense per this lease agreement in the statement of functional expenses for the period ending February 28, 2010 was \$15,600.

As of February 28, 2010 the aggregate future minimum rental commitments under operating leases are as follows:

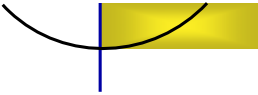

For period ending February 28,	Total
2011	5,200
	\$ 5,200

9. Line of credit

In July 2008, the Organization entered into a 12 month revolving line of credit agreement with a bank for the amount of \$25,000. The line of credit is unsecured and bears a variable interest rate on outstanding borrowings. No principal was drawn down on the line of credit during the 12 months. The line of credit remains available to the Organization as of February 28, 2010.

10. Subsequent events

There were no reportable subsequent events as of the audit report date.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS

To the Board of Directors
AIDS Athens, Inc.
Athens, Georgia

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of AIDS Athens Inc, Inc, as of and for the year ended February 28, 2009, which collectively comprise the organization's basic financial statements and have issued our report thereon dated July 12, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the organization's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the organization's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects organization's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the organization's financial statements that is more than inconsequential will not be prevented or detected by the organization's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the organization's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

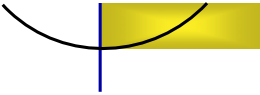

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the organization's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, board of directors, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BamboSonaikeCPA,LLC

July 12, 2010

REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Directors
AIDS Athens, Inc.
Athens, Georgia

Compliance

We have audited the compliance of AIDS Athens, Inc. (the Organization) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended February 28, 2010. The Organization's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Organization's management. Our responsibility is to express an opinion on the Organization's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Organization's compliance with those requirements.

In our opinion, AIDS Athens, Inc. complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended February 28, 2010.

Internal Control over Compliance

The management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Organization's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
